

APEC Compliance Best Practice Workshop

Agenda (draft)

October 24, 2014
Beijing

Venue

Institute of Building Environment and Energy, China Academy of Building Research
30 Beisanhuandonglu, Chaoyang District, Beijing, China, 100013

Target Participants

- APEC Economy Representatives
- APEC Economy MV&E Program Officers
- MV&E Programme Stakeholders (Manufacturers, importers, retailers, civil society)
- Other Regional Programme Designers, Interested Stakeholders, and Potential Collaborators

Objective of the Workshop

- Share compliance best practices among the APEC region and lessons learned from regional MV&E initiatives around the world (i.e. Europe);
- Determine what best practices that APEC Economies could consider adopting and incorporating to their national programs; and
- Introduce the concept of APEC MV&E Network - a regional approach to create a platform for APEC MV&E officers to meet and discuss ways to enhance MV&E activities in the APEC region;
- Explore the potentials of having a multilateral or regional approach of MV&E collaborations among APEC Economies
- Have the APEC Economy representatives at the meeting broadly agree the way forward to improve MV&E collaborations

Proposed Agenda

9:00 - 10:00 Introduction

- Welcome & workshop objectives (*Terry Collins, EGEE&C*)
- Common challenges of MV&E globally: Asia, Africa, and Europe (*TBD, UNEP; Nicole Kearney, CLASP*)
- Opportunities to save more energy through enhancing compliance activities (*My Ton, CLASP*)

10:00 - 10:40 Verification Testing: What are the current capacity and available resources in the APEC region?

- Assessment of verification testing capacity in the APEC region (*Chris Evans, Project Consultant*)
- Identifying testing options and approaches to reduce costs for verification testing (*Chris Evans, Project Consultant*)

10:40 - 11:00 Tea & Coffee Break

11:00 - 12:00 Verification Testing: Case studies

- Chinese Taipei: Compliance testing for televisions & lighting (*TBD*)
- Australia & New Zealand's E3 Program: Sharing testing cost between MV&E authorities (*Terry Collins, Energy Efficiency and Conservation Authority, New Zealand*)

12:00 - 1:00 Lunch Break

1:00 - 3:00 Next Steps: What we can do together to make compliance easier and better?

- Policy Options & benefits of conducting verification cost-effectively and collaboratively (*Chris Evans, Project Consultant*)
- Presentation of a framework for MV&E collaboration (*TBD*)
- Turning knowledge into actions: Discussion on a pilot project and the potential activities for collaboration

3:00 - 3:15 Conclusion: Declaration of APEC MV&E Collaboration
